## Homestay immersion in Brazil

### HOMESTAY EXPERIENCE

Within this program, students are completely immersed in the Portuguese language and do not have opportunities to speak their own mother tongue: this allows a quick improvement of the language skills. Students get the unique opportunity to discover a **new way of life** and a **new culture** first hand, not like a tourist! The homestay program is the most affordable language travel!

This program is ideally suited to **mature and independent students**, eager to meet new people from abroad and with **enough language proficiency** to communicate with host family members. The pure homestay program is a **true cultural exchange**.

Our Homestay immersion programs offer a unique way to experience the daily and routine of a host family abroad. Students are welcomed as a new family member and spend their days sharing the family's activities. Students learn through the constant immersion in the local language environment.

### EXTRA ACTIVITIES

International students will make the most of their stay in Brazil to discover

this geographically and culturally diverse and colorful country.

Although the days are unstructured, students will have an intensive **10-hour Portuguese language class** in the student's host community included in this program.

Students accompany their host families on all **outings** and are assisted in planning **individual itineraries** to meet their particular interests.
