— HOMESTAY IMMERSION

Homestay and High School in Chile

HOMESTAY EXPERIENCE

Within this program, students are completely immersed in the Spanish language and do not have opportunities to speak their own mother tongue: this allows a quick improvement of the language skills. Students get the unique opportunity to discover a new way of life and a new culture first hand, not like a tourist! The homestay program is the most affordable language travel!

This program is ideally suited to mature and independent students, eager to meet new people from abroad and with enough language proficiency to communicate with host family members. The pure homestay program is a true cultural exchange.

Students are placed in selected private high schools and hosted by volunteer warm Chilean host families. International students usually go with their host sibling to the same school, sometimes in the same grade.
