— HOMESTAY IMMERSION

Homestay Immersion in Mexico

HOMESTAY EXPERIENCE

The short-term homestay program offers teenagers opportunities to experience the **everyday life of a host family in Mexico**.

Within this program, students are completely **immersed in the Spanish language** and do not have opportunities to speak their own mother tongue: this allows a quick improvement of the language skills. Students get the unique opportunity to discover a new way of life and a new culture first hand, not like a tourist!

The homestay program is the most affordable language travel. This program is ideally suited to mature and independent students, eager to meet new people from abroad and with enough language proficiency to communicate with host family members.

The **pure homestay program** is not recommended for a first experience abroad, because family integration can be challenging for inexperienced students. Students are not able to choose a specific location as the primary goal is to match a student with a host family in terms of interests, hobbies etc. The pure homestay program is a **true cultural exchange**.

We place our students in **Mexico city and surrounding areas**. The host families

are all middle class families who receive a small stipend, but they do not host for money; the family expects the student to participate in their daily life and speak Spanish, making a new friend.

International students will live with a Mexican host family eager to share its way of life, become **part of the local community** and school, bring back amazing memories and experiences, and make lifelong Mexican friends.

EXTRA ACTIVITIES

Students do not attend language classes or group activities. This is a pure immersion program and students are invited to **join their host family's daily activities**. The participant should have spending money to cover these extra costs.
