— HOMESTAY IMMERSION

Homestay and High School in Germany

HOMESTAY EXPERIENCE

Within this program, students are completely immersed in the **German language** and do not have opportunities to speak their own mother tongue: this allows a quick improvement of the language skills. Students get the unique opportunity to discover a **new way of life** and a **new culture** first hand, not like a tourist! The homestay program is the most affordable language travel!

This program is ideally suited to **mature and independent students**, eager to meet new people from abroad and with **enough language proficiency** to communicate with host family members. The homestay program is a **true cultural exchange**.

International students are placed in a **local host family** and a **public school**, across Germany. Students must be ready to live in **small villages and on the countryside**. The carefully chosen host family opens its home to a student not as a guest, but as a new family member. This program allows students to experience the everyday life of German families and teenagers.

SCHOOL SYSTEM

International students go to school with their host siblings or children of the neighborhood. They attend **regular classes** with their **classmates** and

participate in all **school activities**. This is a cultural program, not an academic program. Students should not expect to receive any grade transcript.

Classes usually begin between early August and mid September and finish between the end of June and the end of July, depending on the region. The program is offered between September and June and not available during the summer.
