High school exchange in Brazil

SCHOOL EXPERIENCE

Schools are located all over Brazil, in residential areas, but not in big cities.

International students will make the most of their stay in Brazil to discover this **geographically, culturally diverse and colorful country**. They will be placed in a local **private school** (they will have to wear a uniform) and in a Brazilian host family. Students will attend the same classes as their peers. School usually goes from 7:30 am to 1:30 pm or from 1 pm to 7 pm. Students enjoy their free time taking **Portuguese courses** or practicing sports in various clubs. Students attend a Portuguese class for 10 hours at the start of their program.

Brazilian high schools offer **extra-curricular activities**, but exchange students can also enroll in **local clubs**.

SCHOOL SYSTEM

Education in Brazil is divided into two tiers: Primary education (nine grades, from age 6 to 14) and Secondary education (three grades, from age 14 to 17/18). The school year runs from February to mid-December, with winter holidays in July and summer holidays in January.

After secondary school, students can

enroll in higher education. Subjects offered by Brazilian high schools are Portuguese Language, Brazilian Literature, Foreign Language (usually English,) History, Geography, Chemistry, Physics, Math, Biology, Arts and Physical Education. Students do not have a choice of subjects.

Classes are conducted in **Portuguese**. Brazilian high schools accept students with the understanding that language skills may initially present academic challenges. Students can take **Portuguese language courses**.

Graduation is not possible as students cannot be placed in 12th grade.

Students may receive grade reports; however, approval is determined solely by your home high school, and Nacel cannot guarantee it. Please consult with your school counselor for more information.

We also offer international students the opportunity to attend a short-term homestay immersion program in Brazil (4, 6 or 8 weeks for students aged 15 to 20).
