High school exchange in France (English and Spanish native speakers)

SCHOOL EXPERIENCE

We place our students across France.

Our host families are volunteer, all really enthusiastic to offer a warm welcome to the student. The student will be given the chance to go to a local French school - "collège" or "lycée".

SCHOOL SYSTEM

French secondary education is divided into two tiers: the "collège" for the first four years (Grades 6-9); and the "lycée" for the last three years (Grades 10-12).

The school director makes the decision regarding grade and placement level for international students, taking into account the school organization, the students' transcripts and their French level. Students attend **mandatory subjects** : French, English and one extra Foreign Language, Mathematics, History/Geography, P.E. ; and 3 so called "spécialités" in grade 11 (2 in grade 12) among a 7 to 12 choices.

Graduation from French secondary schools is only possible after at least **two years of studies**. Please note that we also offer international students to attend a short term homestay and

school integration program (from 2 up to 10 weeks).

INTENSIVE FRENCH COURSE

Students are encouraged to attend a non-mandatory intensive French course before school starts. The course takes place during the last two weeks of August, in Lyon.

We highly recommend this course to our students so they may be better prepared for their school year in France, especially if their French level is limited.

NACEL SUPPORT TEAM AND PROCESSES

A Nacel coordinator will be in touch with the student and the host family once a month, usually per phone, WhatsApp or email.

A visit is arranged once per term (3 times a year).

The national Nacel coordinator is also available at all times on weekdays, working hours. Outside of French working hours (evenings, nights and weekends), a French hotline is available for students, host families and schools.
